## Redemption

Redemption Amount (in case of Issuer Call or Investor Exercise)	max [0,(Settlement Price - Current Financing Level) / Conversion Ratio] converted into the Redemption Currency, if applicable.
Settlement Price	The Settlement Price of the Underlying equals the price of the precious metal as published on Reuters on page "PFI" or any substitute page thereof on the Valuation Date at the Valuation Time.
Current Financing Level	<p>The Current Financing Level (FL) will be determined by the Calculation Agent on a daily basis commencing from the Initial Financing Level in accordance with below formula, and rounded to two decimal places; it will be adjusted before market opening on a daily basis.</p> $FL_{new} = FL_{old} + \frac{(R + FS) \cdot FL_{old} \cdot n}{360}$ <p>FL<sub>new</sub> Current Financing Level after the adjustment.          FL<sub>old</sub> Financing Level before the adjustment.          Financing Spread ("FS") Will be set between 1% and 25%, as determined by the Calculation Agent. The Initial Financing Spread is 3%.          Rate ("R") The USD-LIBOR-Overnight-Rate as determined by the Calculation Agent on the relevant adjustment date.          n Number of calendar days between the current adjustment date (exclusive) and the next adjustment date (inclusive).</p>
Current Stop Loss Level	<p>The Current Stop Loss Level will be determined at the sole discretion of the Calculation Agent. It will be readjusted before market opening on each trading day of the Mini-Futures.</p> <p>The Level is determined by the Calculation Agent as follows and rounded to two decimal places:          (Current Financing Level) * (1 + Stop Loss Premium).          The Current Stop Loss Level will be available on <a href="http://www.ubs.com/keyinvest">www.ubs.com/keyinvest</a> or any successor page.</p>
Stop Loss Premium	The Stop Loss Premium will be set between 0.1% and 25%, as determined by the Calculation Agent. The initial Stop Loss Premium is 2%.
Stop Loss Event	A Stop Loss Event shall be deemed to occur if at any time, starting on the Launch Date, the level of the Underlying is at or below the Current Stop Loss Level, as published on Reuters on page XAG= under the column Daily Bid Low, as reasonably determined by the Calculation Agent. The Mini-Future Long will be automatically redeemed at market price with value 3 Banking Days, as reasonably determined by the Calculation Agent. A Stop Loss Event will override both the Issuer Call Right and the Investor Exercise Right.

## Product Structure

The Mini-Future Long allows investors to profit from the upward (bullish) trend of an Underlying. The Mini-Future Long moves approximately 1 unit of currency up, if the Underlying moves 1 unit of currency up and vice versa taking into account the conversion ratio and the adjustments of the Financing Level.

If the value of the Underlying at any time during the product life time lies at or below the Current Stop Loss Level, the Mini-Future Long expires immediately and is redeemed at market price. The Investor shall be aware that the occurrence of a Stop Loss Event will be determined in the sole discretion of the Calculation Agent.

The risk of loss is limited to the invested capital.

### Tax Treatment Switzerland

Swiss Transfer Stamp Duty	The product does not qualify as a taxable security. Transactions are not subject to Swiss Stamp Duty.
Swiss Income Tax	For private investors resident in Switzerland, an investment in this product is not subject to income tax.
Swiss Withholding Tax	This product is not subject to the Swiss Issuer Withholding Tax. It depends on the jurisdiction of the issuer whether a foreign issuer withholding tax applies.

The tax information only provides a general overview over the Swiss tax consequences linked to this product based on the tax laws and the practice of the tax administration at the time of issue. Tax laws and the practice of tax administrations may change, possibly with retroactive effect.

## Classification

This Product does not represent a participation in any of the collective investment schemes pursuant to Art. 7 ff of the Swiss Federal Act on Collective Investment Schemes (CISA) and thus does not require an authorisation of the Swiss Financial Market Supervisory Authority (FINMA). Therefore, Investors in this Product are not eligible for the specific investor protection under the CISA. Moreover, Investors in this Product bear the issuer risk.

Furthermore, this Product does not benefit from any depositor protection under Art. 37a under the Swiss Federal Law on Banks and Savings Banks (Banking Act) or other forms of deposit insurance under any other law as might be applicable to this Product.

## 2. Prospects of Profits and Losses

Market Expectation	Investors expect the Underlying to increase in value over the life of the Product and accordingly expect to benefit from a leveraged performance relative to the Underlying. In any case Investors expect that no Stop-Loss Event will occur.
Effect of the performance of the Underlying on redemption amount or on delivery obligation:	
- Positive performance	In case the Underlying increases in value, the value of the Product increases with a leverage factor. In any case the financing costs of the Product have a negative effect on the performance of the Product if it is held more than a day.
- Sideways to slightly negative performance	In case the Underlying value is stable or slightly decreasing, the value of the Product will remain constant or decreases in value according to the leverage factor. In any case the financing costs of the Product have a negative effect on the performance of the Product if it is held more than a day.
- Pronounced negative performance	In case the Underlying decreases in value, the value of the Product decreases with a leverage factor. In any case the financing costs of the Product have a negative effect on the performance of the Product if it is held more than a day.
Maximum Return	The profit potential is unlimited.
Maximum Loss	In a worst case scenario, the Product becomes worthless and Investors lose all of their initial investment.

## 3. Significant Risks for Investors

General risk warning	Potential Investors should understand the risks associated with an investment in the Product and shall only reach an investment decision after careful considerations with their legal, tax, financial and other advisors of (i) the suitability of an investment in the Product in the light of their own particular financial, fiscal and other circumstances; (ii) the information set out in this document and (iii) the Underlying(s). The following is a summary of the most significant risks. Further risks are set out in the Product Documentation.
Risk Tolerance	Investors bear a high risk of losing their entire investment in this Product. Investors should be experienced and familiar with both leverage products and the underlying asset class of this Product.

### Product specific risks

Loss Potential	Investors can lose all of their initial investment.
Capital Protection (at Expiry)	None
Risk Potential in comparison to a direct investment in the Underlying	Due to the leverage factor, the value of the Product generally fluctuates more than the value of the Underlying. An investment in the Product therefore bears a higher risk than a direct investment in the Underlying. The Product may become worthless, while the Underlying still has a value.
Issuer Call right	Yes. Please refer to the respective definition in Section 1, «General Information».

Please note that calls made to the numbers marked with an asterisk (\*) may be recorded. Should you call one of these numbers, we shall assume that you consent to this business practice.

Stop Loss Event	Yes. Please refer to the respective definition in Section 1, «Redemption».
Currency risk	Currency Risk is inherent in the Underlying of the Product. Additional currency risk arises if the value of the Underlying is determined in a currency other than the Redemption Currency. For a more comprehensive description of the currency exchange related risks the Investor shall make reference to the Product Documentation as defined in the below section «Product Documentation».
Extraordinary termination risk	The Product contains terms and conditions that allow the Issuer to terminate and redeem the Product prior to the Redemption Date. In case of such extraordinary termination, the Issuer shall pay to the Investors an extraordinary termination amount as determined by the Calculation Agent which is usually equivalent to the market value of the Product. Potential Investors should note that the extraordinary termination amount may deviate from and may be considerably below the amount which would be payable pursuant to the final redemption provisions on the Redemption Date. Investors are not entitled to request any further payments on the Product after the termination date.
Adjustment risk	Potential Investors should be aware that it cannot be excluded that certain events occur or certain measures are taken (by parties other than the Issuer) in relation to the Underlying(s) which can lead to changes to the Underlying(s) or its concept (e.g. corporate events of a company whose shares constitute an Underlying, market disruption events or other circumstances affecting normal activities). In the case of the occurrence of such events or measures, the Issuer and/or the Calculation Agent are entitled to effect adjustments according to the Product Documentation. Such adjustments might have a negative impact on the value of the Product.
Market Disruption risk	Investors are exposed to market disruption events (such as trading disruption, exchange disruption and early closure of the relevant exchange), which could have an impact on the redemption amount through delay in payment, change in value or suspension of trading in the Product in the secondary market. For a detailed description of such events and their effects please refer to the Product Documentation.
Withholding tax	Investors in this Product should note that any payment under this Product may be subject to withholding tax (such as, inter alia, Swiss Withholding Tax, and/or withholding related to FATCA or 871(m) of the US Tax Code). <b>Any payments due under this Product are net of such tax.</b> Please refer to the Product Documentation for detailed information. If the Issuer is required to withhold any amount pursuant to Section 871(m) or FATCA of the U.S. Tax Code, the Issuer will not be required to pay additional amounts with respect to the amount so withheld.

#### **Risk Factors relating to the Issuer**

In addition to the market risk with regard to the development of the Underlying, each Investor bears the general risk that the financial situation of the Issuer could deteriorate. The Products constitute immediate, unsecured and unsubordinated obligations of the Issuer, which, particularly in case of insolvency of the Issuer, rank *pari passu* with each and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions. The general assessment of the Issuer's creditworthiness may affect the value of the Products. This assessment generally depends on the ratings assigned to the Issuer or its affiliated companies by rating agencies such as Moody's, Fitch and Standard & Poor's.

The Issuer Ratings indicated in this document reflect the situation at the time of issuance and may be subject to changes. The actual Issuer Ratings at any given time can be seen on the Issuer's website ([www.ubs.com](http://www.ubs.com)) under "Analysts & Investors".
