Final Terms

This Product does not represent a participation in any of the collective investment schemes pursuant to Art. 7 et seq. of the Swiss Federal Act on Collective Investment Schemes (CISA) and thus does not require an authorisation of the Swiss Financial Market Supervisory Authority (FINMA). Therefore, investors in this Product are not eligible for the specific investor protection under the CISA. Moreover, investors in this Product bear the issuer risk.

This is a structured product which may involve derivatives. Prospective purchasers of this Product should ensure that they understand the nature of the Product and the extent of their exposure to risks and that they consider the suitability of the Product as an investment in the light of their own circumstances and financial condition. This Product involves a high degree of risk, including the risk of it expiring worthless. Potential investors should be prepared to sustain a total loss of the purchase price of their investment.

Neither the Issuer nor the Calculation Agent are acting as investment advisors or providing advice of any nature and do not assume any fiduciary obligation to any investors buying the Products. Prospective investors should carefully consider whether the Products are suited to their particular circumstances.

This Product is linked to a non-static Reference Portfolio, which intends to track stocks recommended by UBS Switzerland AG, Chief Investment Office Wealth Management ("UBS CIO") in its publication "Sustainable investing Equity Preference List", which is up-dated from time to time.

This document (Final Terms) constitutes the Simplified Prospectus for the Product described herein; it can be obtained free of charge from UBS AG, P.O. Box, CH-8098 Zurich (Switzerland), via telephone (+41-(0)44-239 47 03), fax (+41-(0)44-239 69 14) or via e-mail (swiss-prospectus@ubs.com). For further information please refer to paragraph «Product Documentation» under section 4 of this document.

## 1. Description of the Product

Participation Certificates

This Product (each a "**Participation Certificate**" and collectively the "**Participation Certificates**") allows for participation in the performance of the Reference Portfolio, which is calculated net of relevant costs and fees, as further described below.

Reference Portfolio

The UBS CIO Sustainable investing Equity Preference Portfolio (the "**Reference Portfolio**") is a USD (the "**Reference Portfolio Currency**") denominated reference portfolio, that intends to replicate the UBS CIO Sustainable investing Equity Preference List, as amended from time to time (the "**Target Portfolio**") in accordance with the provision in the description of the Reference Portfolio (the "**Reference Portfolio Description**") in Annex 1. The UBS CIO Sustainable investing Equity Preference List represents a list of stocks (each a "**Stock Constituent**"). The Reference Portfolio will be partially FX hedged through the use of FX forwards (each a "**FX Constituent**") (together the "**Constituents**") in a systematic, monthly Currency Hedge, as further described herein.

The Reference Portfolio may also include from time to time a cash position denominated in the Reference Portfolio Currency (the "**Cash Position**", together with the Constituents, the "**Reference Portfolio Components**"). The Cash Position will accrue interest at the prevailing reference rate (the "**Reference Rate**"), as described in Annex 1, which may be negative from time to time. Finally, the Cash Position will be negatively impacted by the deduction of certain fees as described under the "Fees" definition in Section 1 ("Description of the Product") of this document. For the avoidance of doubt, the Cash Position will not be paid to the investor during the life of the Product.

The performance of the Reference Portfolio will be net of the relevant fees and costs described herein.

The notional value of the Reference Portfolio on the Pricing Date is the Initial Reference Portfolio Level.

Whilst the Reference Portfolio Level and the Redemption Amount is linked to the value of the Reference Portfolio Components, the Issuer may or may not invest the proceeds of the issuance of the Participation Certificates in any Reference Portfolio Component at any time for the purposes of hedging its obligations under this Product. In the event the Issuer elects to invest the proceeds in any Reference Portfolio Component for the purpose of hedging its obligations under this Product, the holders of the Participation Certificates will not have any direct interest or beneficial ownership in any Reference Portfolio Component at any time.

## Product Details

Security Numbers	Valor: 54792388 / ISIN: CH0547923885 / WKN: US8S1H
Issue Size	Up to 20,000 Units (with reopening clause)
Denomination	USD 1,000
Issue Price	USD 1,000 per Unit (unit quotation)
Quoting Type	Secondary market prices are quoted in unit price and dirty
Initial Reference Portfolio Level	USD 1,000.00
Settlement Currency	USD
Settlement	Cash Settlement
Currency Treatment	The Reference Portfolio may be exposed to Stock Constituents denominated in currencies other than the Settlement Currency. The resulting currency exchange risks are partially hedged through the Currency Hedge, subject to availability of the appropriate FX forward contracts.
Currency Hedge	<p>On the Pricing Date and on the 20th of each month thereafter, or on the immediately following Business Day if such 20th is not a Business Day, (each period starting on and including the Pricing Date or such 20th, as applicable, up to and excluding the next 20<sup>th</sup> or the Expiration Date, as applicable, a "<b>Hedging Period</b>") starting on the Pricing Date, each Hedge Position multiplied by the number of then outstanding Units (the "<b>Open Interest</b>") is notionally hedged through FX forward contracts expiring on the first Business Day of the following Hedging Period to reduce the risk of currency fluctuations.</p> <p>During a Hedging Period, the Currency Hedge is adjusted in line with any change of the Open Interest only, (for the avoidance of doubt, it will not be adjusted in case of other changes such as the performance of any Stock Constituent or in case of Rebalancings), so that the Investor is still exposed to the corresponding residual currency exchange risks.</p> <p>Any notional profits or losses resulting from the Currency Hedge will be settled into the Cash Position. The Currency Hedge will not be applied where the Calculation Agent determines in its sole and reasonable discretion that a notional investor (in the same position as the Issuer) would be unable, after using commercially reasonable efforts, to enter into FX forward contracts it deems necessary to hedge the currency risk of any Stock Constituent (in particular in case of extraordinary market conditions).</p> <p>"<b>Hedge Position</b>" is constituted as follows: the aggregate notional value in the relevant currency of all the Stock Constituents denominated in such currency other than the Settlement Currency (a "<b>Foreign Currency</b>").</p>
Dividend Treatment	<p>In respect of any Constituents which are, or include, U.S. equity securities, for purposes of determining the amount of a dividend treated as notionally reinvested, such dividend shall be reduced by the 30% withholding tax imposed by Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended.</p> <p>For all other long positions in Stock Constituents, a notional amount reflecting <u>net</u> dividends of the Stock Constituents, as converted into the Reference Portfolio Currency</p>

(if applicable) at the then prevailing exchange rate, each as determined by the Calculation Agent in its reasonable discretion, will be paid into the Cash Position on the ex-dividend date of that Stock Constituent.

## Dates

Launch Date	14 July 2020
Pricing Date (" <b>Pricing</b> ")	06 August 2020 and 07 August 2020 (for APAC stocks)
Issue Date / Payment Date	13 August 2020
Last Trading Date	05 August 2027
Expiration Date (" <b>Expiry</b> ")	<p>06 August 2027 (subject to Market Disruption Events provisions, Early Termination by the Issuer, Automatic Early Termination and Unwind Disruption provisions), extendable once at the option of the Issuer for an additional 7 year period (from the initial scheduled Expiration Date stated above), with a notice period of not less than 180 calendar days prior to the scheduled Expiration Date.</p> <p>With respect to the initial scheduled Expiration Date, and in case of an extension of the term, the investor may no later than 90 calendar days prior to the initial scheduled Expiration Date request in writing from the Issuer that part or all of investment in the Participation Certificates shall be redeemed on the Redemption Date following the scheduled Expiration Date.</p> <p>If the initial scheduled or extended Expiration Date is not a Constituents Business Day, then such Expiration Date shall be the first following day that is a Constituents Business Day, unless the Calculation Agent determines, in its sole and reasonable discretion, that the Expiration Date shall remain as scheduled.</p>
Redemption Date	The 5th Business Day following the Expiration Date, the Early Termination Date or the Automatic Early Termination Date (in any case subject to Market Disruption Event provisions).

## Redemption

Redemption Amount	Each Participation Certificate entitles the investor to receive on the Redemption Date an amount in the Settlement Currency, as calculated by the Calculation Agent, according to the following formula:
-------------------	--

$$\text{Denomination} \times \text{Max}\left(0, \frac{\text{Final Reference Portfolio Level}}{\text{Initial Reference Portfolio Level}}\right)$$

Where:

"**Final Reference Portfolio Level**" means the Reference Portfolio Level as determined by the Calculation Agent on the Expiration Date, the Early Termination Date or the Automatic Early Termination Date (as applicable) and subject to Unwind Disruption, as the sum of:

- i) the unwind proceeds as converted into the Settlement Currency where applicable, using the prevailing currency exchange rate, as determined by the Calculation Agent in its sole and reasonable discretion, that would be realized by a notional investor (in the same position as the Issuer) when selling and/or unwinding the prevailing Constituents comprising the Reference Portfolio; and
- ii) the value of the Cash Position minus any accrued but not yet deducted Adjustment Fee and Reference Portfolio Fee.

In the event that a notional investor (in the same position as the Issuer) would be unable to unwind its positions in the Constituents by or on the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as determined by the Calculation Agent in its sole and reasonable discretion (such event an "**Unwind**"),

**Disruption**"), the Issuer reserves the right to postpone the Expiration Date, the Early Termination Date or the Automatic Early Termination Date in accordance with the Market Disruption Events provisions below.

**Please note that the Redemption Amount may be less than the initially invested capital.**

#### Early Termination by Issuer

The Issuer is entitled to terminate the Participation Certificates early in full subject to the following notice period:

Quarterly, i.e. as of each 31 March, 30 June, 30 September and 31 December of each year (the "**Early Termination Date**"), subject to at least 30 Business Days prior notice being given to the investors (provided in each case if such day is not a Constituents Business Day, then the immediately following Constituents Business Day shall be the Early Termination Date). The first possible Early Termination Date will be 30 September 2020. There is no early termination right for the investor in the Participation Certificates.

#### Automatic Early Termination Event and Automatic Early Termination

An Automatic Early Termination Event is deemed to have occurred if the Issuer becomes aware that the UBS CIO Sustainable investing Equity Preference List which this Product intends to resemble has been terminated or withdrawn. The day on which the Issuer becomes aware of such termination or withdrawal shall be the "**Automatic Early Termination Date**". For the avoidance of doubt, the Automatic Early Termination Date may or may not occur on a Business Day.

#### Reference Portfolio Level

Except on the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, the Calculation Agent shall calculate the Reference Portfolio Level in its sole and reasonable discretion in respect of each week day, subject to a Market Disruption Event (each a "**Reference Portfolio Calculation Date**").

The Reference Portfolio Level in respect of each Reference Portfolio Calculation Date is the sum of (i) the closing price or value of each Constituent on such Reference Portfolio Calculation Date (taking into account the number of units of each Constituent in respect of which the Reference Portfolio has exposure), and (ii) the value of the Cash Position, all of the above as determined by the Calculation Agent in its sole and reasonable discretion.

In respect of the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, the Reference Portfolio Level shall be determined by the Calculation Agent in accordance with the provisions under "**Redemption Amount**" above.

## Fees

#### Issuer Fee (calculated daily)

The Issuer will receive a quarterly fee of 0.075% (0.30% per year) of the Reference Portfolio Level, deducted from the Cash Position on a daily basis by the Calculation Agent.

#### Reference Portfolio Fee

The sum of the Distribution Fee and the Issuer Fee. The Reference Portfolio Fee shall be accrued within, and deducted from, the Cash Position.

#### Adjustment Fee

An Adjustment Fee is levied for each Rebalancing, as defined in Annex 1, made in the Reference Portfolio and/or for the implementation of the Currency Hedge, and represents a percentage of the value notionally acquired or unwound in a Constituent. Unwind costs to determine the Final Reference Portfolio Level shall constitute Adjustment Fees.

In respect of each Constituent, the Adjustment Fee is equal to:

- Stock Constituents 0.10%
- FX Constituents 0.03%

The Adjustment Fee shall be accrued within, and deducted from, the Cash Position.

**The Adjustment Fees fully remain with the Issuer.**

#### Distribution Fee

The distributor will receive a quarterly fee of 0.175% (0.70% per year) of the Reference

## Adjustments and Market Disruption

Adjustments to the composition of the Reference Portfolio	If, at any time, an event occurs in relation to a Constituent which the Calculation Agent determines requires an adjustment(s) to be made to the composition of the Reference Portfolio, then the Calculation Agent shall (i) determine which adjustment(s) are to be made to the Constituent with a view to account for the effect of the relevant event and to preserve the prevailing composition of the Reference Portfolio immediately prior to the occurrence of such event and (ii) determine the date on which such adjustment(s) shall take effect.
Market Disruption Events	<p>A Market Disruption Event means, in relation to a Constituent (or an eligible Constituent in respect of a Rebalance only), the occurrence or existence on any calendar day (other than a Saturday or Sunday) or on any number of consecutive calendar days (other than a Saturday or Sunday) any one or more of the following events:</p> <ul style="list-style-type: none"> <li>(i) a limitation, suspension, or disruption of trading in one or more of the Constituents (or component of any Constituent) imposed by the Exchange or the Related Exchange;</li> <li>(ii) the closing or settlement price for any Constituent (or component of any Constituent) is a "limit price", which means that the closing or settlement price for such Constituent for a day has increased or decreased from the previous day's closing price by the maximum amount permitted under applicable rules of the Exchange or the Related Exchange;</li> <li>(iii) failure by the Exchange, the Related Exchange or other price source as applicable to announce or publish the closing or settlement price in respect of any Constituent (or component of any Constituent);</li> <li>(iv) the Exchange or the Related Exchange fails to open for trading during its regular trading session;</li> <li>(v) the closure on any Exchange Business Day of any Exchange or Related Exchange in respect of a Constituent (or component of any Constituent), prior to its Scheduled Closing Time;</li> <li>(vi) any event (other than an early closure as described above) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for any Constituent (or any eligible Constituent in respect of a Rebalancing only or component thereof);</li> </ul>

(viii) an FX Disruption Event has occurred;

if in the determination of the Issuer or Calculation Agent, any such event is material.

The consequences of a Market Disruption Event are as follows:

- (A) In the event that the Calculation Agent determines that a Constituent's Business Day is a Disrupted Day with respect to a Constituent (or an eligible Constituent in respect of a Rebalancing only) included in the Target Portfolio on a Target Portfolio Publication Date for the purposes of a Rebalancing, then such Constituent shall not be notionally sold or purchased on the intended effective date of the relevant Rebalancing.
- (B) In the event that the Calculation Agent determines that any Reference Portfolio Calculation Date is a Disrupted Day with respect to any Stock Constituent, then for the purposes of determining the Reference Portfolio Level as at such Reference Portfolio Calculation Date, (a) the price of each Constituent not affected by the occurrence of such Disrupted Day shall be the closing price of such Constituent on the relevant Exchange or Related Exchange and (b) the price of each Constituent affected by the occurrence of such Disrupted Day shall be determined by the Calculation Agent as its good faith estimate of the fair market value (which may be zero) of such Constituent as of such Reference Portfolio Calculation Date.
- (C) If the Calculation Agent determines that the date scheduled to be the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, is a Disrupted Day in respect of any Stock Constituent, such date shall be the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, for those Constituents which are not affected by the occurrence of a Disrupted Day while the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, for any Constituent that is affected by the occurrence of a Disrupted Day shall be postponed to the following Constituents Business Day with respect to such Constituent. If in respect such Constituent the Disrupted Day is persisting for up to 8 (eight) Constituents Business Days immediately following the date scheduled to be the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, the price of such Constituent shall be determined by the Calculation Agent by reference to its good faith estimate of the value for such Constituent on that eighth Constituents Business Day.
- (D) On the occurrence of an FX Disruption Event, the value of any Constituent not denominated in the Settlement Currency shall be determined by the Calculation Agent in its sole and reasonable discretion and the Calculation Agent shall have the right to adjust the value of the Reference Portfolio to account for such FX Disruption Event.

Disrupted Day

Any day on which the Calculation Agent determines that, in relation to a Constituent or eligible Constituent, a Market Disruption Event has occurred.

FX Disruption Event

Means (i) an event that generally makes it illegal, impossible, impractical or inadvisable to convert 1 (one) unit of the currency in which any non-USD denominated Constituent is denominated (the "**Denomination Currency**") into the Settlement Currency, or an event that generally makes it impossible to deliver the Settlement Currency from accounts in which they are held to accounts outside of the jurisdiction of the Denomination Currency; or (ii) the general unavailability to exchange the Settlement Currency at a spot rate (applicable to the purchase of the Settlement Currency for the Denomination Currency) in any legal currency exchange market in the principal financial centre for the Denomination Currency, if, in the determination of the Calculation Agent, the occurrence of any such events is material.

#### Swiss Federal Income Tax

For private investors resident in Switzerland this product is treated analogous to a share in a reinvesting collective investment vehicle. The taxable income per share will be determined and will be reported to the Swiss Federal Tax Administration annually for publication in the list of tax values (*Kursliste*).

Closing date (for Swiss tax purposes): January 1, for the first time January 1, 2021.

#### Swiss Withholding Tax

The product is not subject to the Swiss Withholding Tax.

The tax information only provides a general overview over the Swiss tax consequences linked to this product based on the tax laws and the practice of the tax administration at the time of issue. Tax laws and the practice of tax administrations may change, possibly with retroactive effect.

## Classification

**This Product does not represent a participation in any of the collective investment schemes pursuant to Art. 7 et seqq of the Swiss Federal Act on Collective Investment Schemes (CISA) and thus does not require an authorisation of the Swiss Financial Market Supervisory Authority (FINMA). Therefore, investors in this Product are not eligible for the specific investor protection under the CISA. Moreover, investors in this Product bear the issuer risk.**

Furthermore, this Product does not benefit from any depositor protection under Art. 37a under the Swiss Federal Law on Banks and Savings Banks (Banking Act) or other forms of deposit insurance under any other law as might be applicable to this Product.

## 2. Prospects of Profit and Loss

#### Market Expectation

Investors in this Product expect the Reference Portfolio to trade positively over the life of the Product.

Effect of the performance of the Reference Portfolio on the Redemption Amount:

- Positive performance If the Reference Portfolio performs positively, investors realise a positive return.
- Sideways to slightly negative performance If the Reference Portfolio performs sideways to slightly negative, investors fully participate in the negative performance of the Reference Portfolio. Investors may lose some of their investment.
- Pronounced negative performance If the Reference Portfolio performs negatively, investors may lose some or all of their investment.

#### Profit Potential

The profit potential is unlimited. The Product allows for full participation in the positive performance of the Reference Portfolio, as adjusted by fees and costs as described in more detail herein.

#### Loss Potential

Investors may lose some or all of the investment as they are fully exposed to the negative performance of the Reference Portfolio as well as to currency risks where the currency risk is not hedged.

## 3. Significant Risk For Investors

#### General Risk Warning

Potential investors should understand the risks associated with an investment in the Product and shall only reach an investment decision after careful considerations with their legal, tax, financial and other advisors of (i) the suitability of an investment in the Product in the light of their own particular financial, fiscal and other circumstances; (ii) the information set out in this document and (iii) the Reference Portfolio Components. The following is a summary of the most significant risks. Further risks are set out in the Product Documentation.

#### Risk Tolerance

Investors in this Product should be experienced investors and familiar with both derivative products and the general markets as well as with the Target Portfolio published and amended from time to time by UBS CIO.

Investors must be willing to make an investment that is fully exposed to the performance of the Reference Portfolio, meaning that investors might lose their whole investment in the Product in the worst case.

Furthermore, investors should be aware that the Reference Portfolio may contain Constituents denominated in currencies other than the Settlement Currency. **The currency risk may or may not be partially hedged.**

In addition, investors should be aware that the Issuer is entitled to redeem the Product early in accordance with the provisions described above under Section 1 ("Description of the Product – Early Termination by the Issuer").

## Product Specific Risks

Capital Protection (at Expiry)	None
Risk Potential in comparison to a direct investment in the Reference Portfolio	The risk potential is similar to a direct investment in the assets contained in the notional Reference Portfolio.
Issuer Call right	Yes; see Early Termination by Issuer above.
Stop Loss Event	None
Currency Risk	The Reference-Portfolio can invest in and be exposed to Reference-Portfolio Components denominated in currencies other than the Settlement Currency. The resulting currency exchange risks are partially hedged through the Currency Hedge, subject to availability of the appropriate FX forward contracts.
Role of UBS CIO	<p>UBS CIO publishes the Target Portfolio independently from the existence of this Product. The publication of the Target Portfolio, as amended from time to time by UBS CIO, formally constitutes research material and shall not constitute any form of a recommendation or investment advice for investors on behalf of the Reference Portfolio, UBS CIO or the Issuer. UBS CIO assumes no responsibility or liability for the performance of the Reference Portfolio.</p> <p>Furthermore, Investors should be aware that UBS CIO may stop publishing the Target Portfolio in its sole and absolute discretion complying with the rules of being an independent research provider and has no duty to provide a reason for the discontinuance of the publication of the Target Portfolio.</p>
Risk of Early Termination of the Products	The Product is linked to term of the publication of the Target Portfolio. Hence, if the Issuer becomes aware that the publication of the Target Portfolio ceases to exist, it will early redeem the Products (see Automatic Early Termination Event and Automatic Early Termination above). The Redemption Amount may be materially less than the initially invested capital, and may be zero in the worst case scenario.
The components of the Reference Portfolio may not be the same as in the publication of the Target Portfolio	The Reference Portfolio aims to track the Target Portfolio. However, the ultimate decision if a Stock Constituent comprised in the Target Portfolio shall be part of the Reference Portfolio lies with the Issuer respective with the Calculation Agent which determines at its reasonable discretion if such Stock Constituent matches the criteria for a Rebalancing.
Price Source Disruption Event	<p>It may become impossible to obtain one or more Constituent levels during the lifetime of the Product and/or on the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, due to one or more of the price sources normally used in the relevant market for the Constituents being unavailable because an unscheduled bank closure is declared on short notice in the relevant country or due to the occurrence of any other disruption (each a <b>"Price Source Disruption Event"</b>). The Calculation Agent will determine in its sole and reasonable discretion whether a Price Source Disruption Event has occurred.</p> <p>A Price Source Disruption Event may lead to (i) a postponement of the Expiration Date, the Early Termination Date or the Automatic Early Termination Date, as applicable, and therefore of the Redemption Amount, (ii) to the use of an alternative source for the relevant Constituent level and/or (iii) to the unilateral determination of the applicable Constituent level by the Calculation Agent.</p>

Such postponement, use of alternative price source and/or determination of the applicable Constituent level by the Calculation Agent may affect, materially or otherwise, the Redemption Amount which the investor will receive.

#### Extraordinary Termination Risk

The Issuer may terminate and redeem the Product prior to the Expiration Date in accordance with the Product Documentation. In case of such extraordinary termination, the Issuer shall pay to the investors an extraordinary termination amount as determined by the Calculation Agent which is equivalent to the market value of the Product, less any costs. Potential investors should note that the extraordinary termination amount may deviate from and may be considerably below the amount which would be payable pursuant to the final redemption provisions on the date that would have otherwise been the scheduled Redemption Date if such termination did not occur. Investors are not entitled to request any further payments after the termination of the Product.

#### Risk relating to leverage

Investors should be aware that the inclusion of leverage will amplify gains or losses. Leverage has the effect of increasing the volatility of an investment. Investors should be aware this Product may have a gross exposure (the sum of the exposure of leverage applied to each underlying asset) may be greater than the Denomination of the Product.

#### Illiquidity risk in secondary market

The Issuer or the Lead Manager, as applicable, intends, under normal market conditions, to provide bid and/or offer prices for this Product on a regular basis. However, the Issuer or the Lead Manager, as applicable, makes no firm commitment to provide liquidity by means of bid and/or offer prices for this Product, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices.

Potential Investors therefore should not rely on the ability to sell this Product at a specific time or at a specific price. Potential Investors should note that prices quoted typically include a spread and therefore may deviate from the market value of the Product. In special market situations, where the Issuer is completely unable to enter into hedging transactions, or where such transactions are very difficult to enter into, the spread between the bid and offer prices in the secondary market may be temporarily expanded, in order to limit the economic risks of the Issuer. Hence, Investors might sell at a price considerably lower than the actual price of the Product at the time of its sale. By selling the Product in the secondary market Investors may receive less than the capital invested.

In case of a secondary market transaction, there is a possibility that costs, including taxes, related to or in connection with the Product may arise for Investors that are not paid by the Issuer or imposed by the Issuer.

#### Market Disruption risk

Investors are exposed to Market Disruption Events (such as trading disruption, exchange disruption and early closure of the relevant exchange), which could have an impact on the redemption amount through delay in payment, change in value or suspension of trading in the Product in the secondary market.

Where the Issuer is completely unable to enter into hedging transactions, for reasons not related to activities of the Issuer, or when entering into such hedging transactions would lead to a commercially unreasonable result, for reasons not related to activities of the Issuer, as determined in the reasonable discretion of the Issuer or the Lead Manager, as applicable, the spread between the bid and offer prices in the secondary market may be temporarily expanded, in order to limit the economic risks of the Issuer.

For a detailed description of such events and their effects please refer to the Product Documentation.

#### Calculation Agent's discretion

The Calculation Agent has a broad discretionary authority to make various determinations and adjustments under the Products, any of which may have an adverse effect on the value and/or the amounts payable under the Products. Prospective investors should be aware that any determinations made by the Calculation Agent may have an impact on the value and financial return of the Products. Where the Calculation Agent is required to make a determination it may do so without taking into account the interests of the holders of the Product.

## Withholding tax

Investors in this Product should note that any payment under this Product may be subject to withholding tax (such as, inter alia, Swiss Withholding Tax, and/or withholding related to FATCA or 871(m) of the US Tax Code). **Any payments due under this Product are net of such tax.**

Regarding 871(m) investors should note that a 30% withholding tax is imposed on certain "dividend equivalents" paid or deemed paid to a non-U.S. holder with respect to a "specified equity-linked instrument" that references one or more dividend-paying U.S. equity securities. The withholding tax can apply even if the instrument does not provide for payments that reference dividends. Treasury regulations provide that the withholding tax applies to all dividend equivalents paid or deemed paid on specified equity-linked instruments that have a delta of one ("delta one specified equity-linked instruments") issued after 2016 and to all dividend equivalents paid or deemed paid on all other specified equity-linked instruments issued after 2020.

The Issuer will treat the Products as specified equity-linked instruments that are subject to withholding on dividend equivalents. The Issuer will withhold 30% in respect of dividend equivalents paid or deemed paid on the Products and will not pay any additional amounts with respect to any such taxes withheld. In respect of any Constituents which are U.S. equity securities, for purposes of determining the amount of a dividend treated as notionally reinvested, such dividend shall be reduced by the 30% withholding tax as referenced under the section "Dividend Treatment" above. The Issuer hereby notifies each holder that for purposes of Section 871(m), the Issuer will withhold in respect of dividend equivalents paid or deemed paid on the Products on the dividend payment date as described in Treasury regulations section 1.1441-2(e)(4) and Revenue Procedure 2017-15 §3.03(B), as applicable. Investors in the Products should consult their own tax advisors regarding the application of the withholding tax to their Products and the availability of any reduction in tax pursuant to an income tax treaty. No assurance can be given that investors in the Products will be able to successfully claim a reduction in tax pursuant to an income tax treaty.

Please refer to the General Terms and Conditions for detailed information. If the Issuer is required to withhold any amount pursuant to Section 871(m) or FATCA of the U.S. Tax Code, the Issuer will not be required to pay additional amounts with respect to the amount so withheld.

## Risk Factors relating to the Issuer

In addition to the market risk with regard to the development of the Reference Portfolio, each investor bears the general risk that the financial situation of the Issuer could deteriorate. The Products constitute immediate, unsecured and unsubordinated obligations of the Issuer, which, particularly in case of insolvency of the Issuer, rank *pari passu* with each and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions. The general assessment of the Issuer's creditworthiness may affect the value of the Products. This assessment generally depends on the ratings assigned to the Issuer or its affiliated companies by rating agencies such as Moody's, Fitch and Standard & Poor's.

The Issuer Ratings indicated in this document reflect the situation at the time of issuance and may be subject to changes. The actual Issuer Ratings at any given time can be seen on the Issuer's website ([www.ubs.com](http://www.ubs.com)) under "Analysts & Investors".

## Important Information

The information herein is communicated by UBS AG and/or its affiliates ("UBS"). UBS may from time to time, as principal or agent, have positions in, or may buy or sell, or make a market in any securities, currencies, financial instruments or other assets underlying the Product to which this document relates. UBS may provide investment banking and/or other services to and/or have officers who serve as directors of the companies referred to in this document. UBS' trading and/or hedging activities related to this Product may have an impact on the price of the underlying asset(s) and may affect the likelihood that any relevant barrier(s) is/are crossed. UBS has policies and procedures designed to minimise the risk that officers and employees are influenced by any conflicting interest or duty and that confidential information is improperly disclosed or made available.

In certain circumstances UBS sells this Product to dealers and other financial institutions at a discount to the issue price or rebates to them for their account some proportion of the issue price ("**Distribution Fees**"). Distribution Fees, if any, are disclosed in section 1 of this document and reflect the maximum amount a dealer or financial institution may receive from UBS; the actual amount may be lower.

Structured transactions are complex and may involve a high risk of loss. Prior to entering into a transaction you should consult with your own legal, regulatory, tax, financial and accounting advisors to the extent you consider it necessary, and make your own investment, hedging and trading decisions (including decisions regarding the suitability of this transaction) based upon your own judgement and advice from those advisers you consider necessary. Save as otherwise expressly agreed in writing, UBS is not acting as your financial adviser or fiduciary in any transaction.

This document should not be construed as an offer, personal recommendation or solicitation to conclude a transaction and should not be treated as giving investment advice. The terms of any investment in the Product to which this document relates will be exclusively subject to the detailed provisions, including risk considerations, contained in the Product Documentation.

UBS makes no representation or warranty relating to any information herein which is derived from independent sources. This document shall not be copied or reproduced without UBS' prior written permission.

No action has been or will be taken in any jurisdiction that would permit a public offering of the Products described herein, save where explicitly stated in the Product Documentation. The Products must be sold in accordance with all applicable selling restrictions in the jurisdictions in which they are sold.

There is a possibility that costs, including taxes, related to transactions in connection with this Product may arise for investors that are not paid by UBS or imposed by it. Please refer to the Product Documentation for further information.

## Selling Restrictions

**Any Products purchased by any person for resale may not be offered in any jurisdiction in circumstances which would result in the Issuer being obliged to register any further documentation relating to this Product in such jurisdiction.**

**The restrictions listed below must not be taken as definitive guidance as to whether this Product can be sold in a jurisdiction. Additional restrictions on offering, selling or holding of this Product may apply in other jurisdictions. Investors in this Product should seek specific advice before on-selling this Product.**

**European Economic Area** - In relation to each Member State of the European Economic Area (each, a "**Member State**"), an offer of the Products to the public in a Member State may only be made in accordance with the following exemptions as set out in the Regulation (EU) 2017/1129 (as may be amended or replaced from time to time) (the "**Prospectus Regulation**"):

- (a) Qualified investors: at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) Fewer than 150 offerees: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation);
- (c) An offer of Products addressed to investors who acquire Products for a total consideration of at least EUR 100,000 per investor, for each separate offer; and/or
- (d) Other exempt offers: at any time in any other circumstances falling within Article 1 (4) of the Prospectus Regulation,

provided that no such offer of Products referred to in (a) to (d) above shall require the publication of a prospectus pursuant to Article 3 of the Prospectus Regulation, or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression "offer of Securities to the public" in relation to any Products in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Products to be offered so as to enable an investor to decide to purchase or subscribe the Products.

The aforementioned restrictions shall not apply for jurisdictions specified in the section "Public Offering" under "General Information" above.

## Annex 1 – Reference Portfolio Description Document

Reference Portfolio Description	The Reference Portfolio is subject to initial specification and, from time to time, changes, pursuant to the Target Portfolio. The Target Portfolio is published periodically and the Reference Portfolio Description Document describes how the Target Portfolio as of the Issue Date determines the Initial Reference Portfolio, and how subsequent revisions to the Target Portfolio will affect changes to the Reference Portfolio (any such adjustment a " <b>Rebalancing</b> "). Additionally, the composition of the Reference Portfolio may change as the Issuer issues new Units, or repurchases and marks down existing Units. These changes are also described in the Reference Portfolio Description Document.
Target Portfolio	As of any calendar day, the most recent " <b>UBS CIO Sustainable investing Equity Preference List</b> " published by UBS Chief Investment Office Wealth Management, or any successor function thereto, or any successor publication thereto.
Target Portfolio Publication Event and Target Portfolio Publication Date	A " <b>Target Portfolio Publication Event</b> " is deemed to have occurred if the Issuer becomes aware that an updated UBS CIO Sustainable investing Equity Preference List which this Product intends to replicate has been published. For the avoidance of doubt, a Target Portfolio Publication Event shall only be deemed to occur if the list of shares contained in the UBS CIO Sustainable investing Equity Preference List changes.  The day on which the Issuer becomes aware of such publication shall be a " <b>Target Portfolio Publication Date</b> ". For the avoidance of doubt, a Target Portfolio Publication Date may or may not occur on a Business Day.
Target Portfolio Implementation Date	The Target Portfolio Implementation Date is defined as the first Constituents Business Day immediately following a Target Portfolio Publication Date, as determined by the Calculation Agent in its reasonable discretion.
Initial Reference Portfolio	The Reference Portfolio is created on the Pricing Date with an opening value of USD 1,000.00. On the Launch Date, the Reference Portfolio were as set out below:

## Rebalancing

A Rebalancing will be initiated on any Target Portfolio Implementation Date following the Pricing Date, effective as soon as reasonably practicable, as determined by the Calculation Agent in a commercially reasonable manner, subject to the occurrence of a Market Disruption Event on such Constituents Business Day. A single Rebalancing may comprise a change to more than one Reference Portfolio Component. A Rebalancing shall not be effective if, on such Target Portfolio Implementation Date, a Rebalancing in respect of any previous Target Portfolio Implementation Date has not yet been completed. Also, for the avoidance of doubt, shall a new Target Portfolio Publication Event (and related Target Portfolio Publication Date) occurs before the Target Portfolio Implementation Date of the immediately preceding Target Portfolio Publication Event (and related Target Portfolio Publication Date), such previous Target Portfolio Publication Event (and related Target Portfolio Publication Date) shall not be implemented.

As soon as reasonably practicable on a Target Portfolio Publication Date, the Calculation Agent will determine the target weight of each Stock Constituent (the "**Target Weight**") that shall form part of the Reference Portfolio following such Rebalancing in its reasonable discretion. The Calculation Agent will determine the exact number of Stock Constituents based on prevailing market conditions in its reasonable discretion. Such number may deviate from the exact Target Weight.

The Calculation Agent may not rebalance the Reference Portfolio following a Target Portfolio Publication Event in the following circumstances:

- (i) The Calculation Agent determines that a Hedging Disruption Event has occurred in relation to any Stock Constituent. In this paragraph, "**Hedging Disruption Event**" means the determination by the Calculation Agent that it would not be reasonably practicable or it would otherwise be undesirable, for any reason, for a notional Investor wholly or partially to establish, re-establish, substitute or maintain any hedging transaction which in the determination of the Calculation Agent would be necessary or desirable to hedge the obligations of an issuer of securities linked to the performance of the Reference Portfolio (such reasons may include, but are not limited to (i) any material illiquidity in the market for any Stock Constituent, (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or (iii) the general unavailability of market participants who would agree to enter into any such hedging transaction on commercially reasonable terms or at all; and
- (ii) the Calculation Agent determines that it would not be reasonably practicable for a notional Investor in the same position as the Issuer to make purchases and/or sales of Stock Constituent due to compliance, liquidity, unreasonable market impact, regulatory,

#### Target Weight

As soon as reasonably practicable on a Target Portfolio Publication Date, the Calculation Agent will determine the Target Weight of each Stock Constituent that shall form part of the Reference Portfolio following such Rebalancing in its reasonable discretion and according to the following methodology:

- (i) Subject to the following paragraphs, all the stocks that are rated "Most Preferred" shall form part of long positions in the Reference Portfolio following such Rebalancing.
- (ii) However, subject to the following paragraphs, where a stock in the UBS CIO Sustainable investing Equity Preference List is listed in
  - a. India and/or,
  - b. China and/or,
  - c. South Korea and/or,
  - d. Taiwan and/or,
  - e. Brazil and/or,
  - f. Egypt and/or,
  - g. Saudi Arabia and/or,
  - h. Indonesia and/or,
  - i. Pakistan and/or,
  - j. Malaysia
 an equivalent ADR or GDR (as applicable) shall be included in the Reference Portfolio, as determined by the Calculation Agent. If no relevant ADR or GDR is available, as determined by the Calculation Agent in its reasonable discretion, such stock shall not be selected as a Reference Portfolio Component.
- (iii) Furthermore, any stock rated "Most Preferred" that does not meet the Liquidity Criteria as defined hereafter and as reasonably determined by the Calculation Agent shall not form part of long positions in the Reference Portfolio following such Rebalancing.
- (iv) Furthermore, any stock rated "Most Preferred" that does not meet the Market Cap Criteria as defined hereafter and as reasonably determined by the Calculation Agent or is subject to a Disrupted Day as of the Target Portfolio Publication Date shall not form part of long positions in the Reference Portfolio following such Rebalancing.
- (v) Furthermore, if the Calculation Agent determines that it would not be reasonably practicable for a notional Investor in the same position as the Issuer to make purchases and/or sales of any stock rated "Most Preferred" due to compliance, regulatory, reporting or reputational constraints, take-over considerations, internal restrictions or lack of internal approval, such stock shall not form part of the Reference Portfolio following such Rebalancing.
- (vi) Once the Calculation Agent has determined the relevant list of all the stocks that are rated "Most Preferred" that shall form part of the Reference Portfolio following such Rebalancing, the portfolio of such stocks shall be equally weighted. As such, the Target Weight of each Stock Constituent that shall form part of the Reference Portfolio following such Rebalancing shall be equal to one divided by the expected number of stocks in the Reference Portfolio following such Rebalancing.

For the avoidance of doubt, the Target Weight of the Cash Position following a Rebalancing shall be computed by the Calculation Agent in its reasonable discretion as the difference between the Reference Portfolio Level immediately before a Rebalancing is implemented and the market value of the Stock Constituents immediately following such rebalancing, taking into account the relevant Adjustment Fees, if any. Such Target Weight can be negative from time to time. For the avoidance of doubt, the Reference Rate Component and Spread would not be applicable on any incidental negative Cash Position (as determined by the Calculation Agent, acting reasonably).

#### Liquidity Criteria

Means a 30-day average daily volume greater than or equal to USD 20,000,000.00, as determined by the Calculation Agent in its reasonable discretion.

#### Market Cap Criteria

Means a floating market capitalization greater than or equal to USD 1 billion as determined by the Calculation Agent in its reasonable discretion.

#### Reference Rate

The Reference Rate is observed on every week day and shall be equal to the United States SOFR Secured Overnight Financing Rate (Bloomberg page: SOFRRATE<Index>) (the "**Relevant**

In respect of a positive Cash Position, the Spread shall be 0.00% and in respect of a negative Cash Position, the Spread shall be 0.30%.

A "**Reference Rate Adjustment Event**" shall be deemed to have occurred where a Reference Rate Component (i) has ceased to be, or will cease to be, available, (ii) is one which a relevant regulatory supervisor has determined is no longer, or as of a specified future date will no longer be, representative of the underlying market and economic reality that such rate is intended to measure, or (iii) is no longer suitable for the purpose of determining the Reference Rate taking into account the accrual rate or cost of financing incurred or charged by the Issuer, in each case as determined by the Calculation Agent in its sole discretion.

Upon the occurrence of a Reference Rate Adjustment Event, the Calculation Agent may make adjustments in its sole discretion to (i) any or all of the Reference Rate Components (including for the avoidance of doubt, the Spread), and (ii) the then prevailing formula for determining the Reference Rate, and shall determine the effective date of such adjustment(s).
